

my First Congressional District of Michigan. On April 13th the Huron Undercover Narcotics Team seized 3,000 Oxycontin tablets from a home in the rural county of Presque Isle. This is just one example of the critical work these Narcotics Teams do everyday to keep our communities safe.

This Country's Drug problems are not going away. In fact, with the emergence of prescription drugs used and dealt illegally like Oxycontin, some would argue the problems are getting worse. My question is why are we zeroing out the funding that enables programs like the Huron Undercover Narcotics Team to exist and combat this problem that is only growing more severe?

We also need to provide assistance to help regional law enforcement and first responders talk to each other in times of emergency. My bill, H.R. 1323 "The Public Safety Interoperability Implementation Act", would provide grants to local law enforcement agencies to modernize their communication systems and become interoperable. These are the kinds of resources and tools I'm talking about!! We need to do everything possible to ensure that our law enforcement officers are fully interoperable.

Currently, firefighters and law enforcement officials may not be able to communicate with each other even if they work in the same jurisdiction. The tragic events of September 11th illustrated why it is so important that our law enforcement officials are fully interoperable. 343 firefighters and 72 law enforcement officers lost their lives in the World Trade Center on September 11th. 121 of these brave firefighters lost their lives due to fact that they were unable to talk to each other.

When our first responders are confronted with an emergency situation, it is absolutely necessary that they are able to communicate with one another so they can fully assess the situation and how best to handle it. These are the kind of resources and tools our first responders need. We need to do everything possible to ensure that our law enforcement officers that play an integral role in our nations anti-terrorism efforts are fully interoperable.

We also need to ensure that programs like Thin Blue Line are fully funded. The Thin Blue Line is a non-profit, volunteer organization that assists and supports the families of injured or deceased officers of law enforcement agencies. Thin Blue Line began in Michigan and is now beginning to expand throughout the nation. Thin Blue Line volunteers assist families with applying for benefits, counseling, and answering their question during the most difficult of circumstances. These officers have made the ultimate sacrifice in the line of duty and their families deserve to be honored, respected, and supported any way we can.

I am hopeful that we can continue to show our commitment to law enforcement by supporting their important funding needs as well as supporting these important pieces of legislation. It is the least we can do for those who put their lives on the line for us everyday.

□ 1445

Mr. RENZI. Mr. Speaker, I yield myself such time as I may consume.

H.R. 1046 provides long-term water supplies to the City of Cheyenne, Wyoming. This important bill authorizes the Bureau of Reclamation to enter into a long-term water contract with Cheyenne. Due to uncertainty in the law, the Federal Government cannot enter into long-term, non-project water contracts with municipal entities without the express consent of Congress. This bill simply provides that authority.

I urge my colleagues to support this non-controversial bill that seeks to provide much needed long-term water use certainty.

Mr. Speaker, I reserve the balance of my time.

Mr. UDALL of New Mexico. Mr. Speaker, I yield myself such time as I may consume.

(Mr. UDALL of New Mexico asked and was given permission to revise and extend his remarks.)

Mr. UDALL of New Mexico. Mr. Speaker, the Committee on Resources and the 108th Congress approved legislation identical to H.R. 1046. We have no objection to this legislation.

Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. RENZI. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore (Mr. DANIEL E. LUNGREN of California). The question is on the motion offered by the gentleman from Arizona (Mr. RENZI) that the House suspend the rules and pass the bill, H.R. 1046.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.
